

**MILLCREEK SCHOOL DISTRICT  
REPORT OF PRIVATE DENTAL EXAM**

Dear Parent:

The Pennsylvania School Health Act stipulates that dental examinations shall be provided for all children of school age on original entry into school (kindergarten), in the 3<sup>rd</sup> grade, and in the 7<sup>th</sup> grade. The State Department of Health recommends that these examinations be conducted by the family dentist since he/she can best evaluate your child's dental health and assist you in obtaining the necessary treatment and correction.

It is important that the school have a record of each child's dental health status. We are sending the form for the private dentist's report to you early so that you have an opportunity to have the examination completed during the summer vacation.

Please return the completed form to the School Nurse on or before October 1<sup>st</sup>. If this form is not returned by October 1<sup>st</sup>, your child will be scheduled for a school dental examination.
